Trustee Volunteer Opportunity

About this opportunity

Lucky Ewe is seeking to bring extra energy and perspective to its Trustee group as we grow this new educational charity in NE Fife. Read about our work with people with additional support needs here <https://luckyewe.org.uk>.

We would love to recruit 1 or 2 trustees, who work well with others, and have the experience and foresight to help steer Lucky Ewe forward. We are interested in individuals with a financial, business development or farming background, but all volunteers will be kindly considered. Lucky Ewe trustees always work in the best interests of the charity, helping to keep the public informed of their work; keeping clear financial records; fundraising. Trustees who want to volunteer in practical tasks on the farm are also most welcome. Though not in itself a management position, it is important that trustees work well with the appointed part time staff at Lucky Ewe.

At the moment Trustees are meeting at least once a month, via Zoom if preferred. Each trustee needs to prepare for the monthly meeting, participate creatively in the meeting, give their best considered advice, and complete their accepted actions from the meeting in a timely way. Altogether a trustee should expect to give 5 hours per month to the charity, though they may choose to give more time. At the moment meetings are set for Monday evenings
